

Rome 2022 World Boccia Challenger

6/14 September 2022

WORLD BOCCIA
Intercontinental Challenger

WELCOME OF FIB PRESIDENT Marco Giunio De Sanctis

The World Boccia Challenger is an important international event for FIB (Federazione Italiana Bocce – Italian Bowls Federation) which will be held in Rome in 2022. Along with the World Junior Championship, it is the highlight of an important year for the Italian sport: getting fully back on track after the pandemic.

FIB is focusing most of its efforts on the Paralympic sport of Boccia both for the inclusiveness of such discipline and because it could be the key to the Olympics for the bowls movement.

Our aim is to qualify for Paris 2024, because the participation of at least one Italian athlete would give FIB a whole new image: the one that a popular sport with a long tradition, such as Bowls, deserves, as well as being a true springboard to the Olympic Games.

The Rome World Boccia Challenger is our pride for the many implications this event has from a competition, social inclusiveness, cultural and touristic point of view. It is also an ambitious challenge in view of the objective difficulty of hosting so many Paralympic athletes with severe and very severe conditions.

A special thanks goes to the ASD Junior Organizing Committee and the staff that have worked for months to organize the event, CIP, the Sports Department of the Presidency of the Council of Ministers, the Region of Lazio, the City of Rome and all the institutions that worked together so that the city of Rome and the Federal Technical Centre in Rome, Eur Torrino, could welcome athletes, assistants, referees for such a unique event.

GENERAL INFORMATION

The **A.S.D. JUNIOR** is proud to introduce you the very first information about the **BISFED 2022 WORLD BOCCIA Intercontinental Challenger - Rome Edition**.
